

## Expiring PTS Quota for Sailors selected for PCS/OSA assignment (EAOS greater than 12 months)

Commanding Officers (CO) may authorize an early (non-SRB) reenlistment for Sailors who:

1. Have been selected in CMSID or have been selected by their Detailer for a future PCS assignment; or have been officially notified via U S Fleet Forces Command vetting summary for an Overseas Contingency Operations Support Assignment (OSA) and
2. Have a PTS quota expiring on 1 March 2011 and
3. EAOS greater than 28 Feb 2012 and SEAOS less than 1 Nov 2014 and
4. Meet reenlistment criteria of MPM 1160-030 (reenlistment article) and relevant directives/instructions/NAVADMINs

-Reenlistment must be performed by 28 Feb 2011 and does not require Navy Personnel Command (NPC) authorization.

-Reenlistment Reason: Benefits of rate. Reenlistment is not contingent on a specific PCS assignment and cannot be invalidated if member does not receive orders selected for at time of reenlistment.

-Length of reenlistment: preferably 3 to 4 years to meet or exceed anticipated OBLISERV. New EAOS cannot exceed HYT per current instructions/guidance. Member must reenlist beyond SEAOS.

-Sailors within the normal reenlistment window, within one year of EAOS, who choose not to reenlist prior to expiration of PTS quota will need to reapply for a new PTS quota.

-Sailors with PTS quota expiring greater than 1 March 2011 and prior to issuance of PCS Orders are not authorized an early reenlist and will need to be reapplied in PTS or have OBLISERV adjusted or removed from PCS Orders.

-Screen shot of CMSID, Memo from CO (or By direction) stating selection, or correspondence with Detailer is considered adequate. Nominee Vetting Summary is appropriate for OSA/IA Sailors. Appropriate local procedures should be established.

-SRB Sailors must have hard copy of PCS or OSA Orders to be authorized early reenlistment IAW OPNAVINST 1160.8. Command Representative should contact the Enlisted Community Manager to extend PTS quota authorizations on affected Sailors selected for future PCS assignment.
